

## Maytronics US Inc. 2024 United States Authorized Direct Reseller Policy

**Effective October 16, 2023**

The Maytronics US, Inc. Authorized Direct Reseller Policy ("ADR Policy") is issued by Maytronics US, Inc. ("Maytronics US") and applies to dealers and retailers ("Resellers") of Maytronics products ("Products") in the United States.

This ADR Policy describes the rights and obligations of Resellers and Maytronics US with respect to the appointment of Reseller as an authorized reseller of the Products.

Reseller and Maytronics US each acknowledge that the following terms and conditions are essential to maintaining the viability of Maytronics US' distribution network for the Products and insuring the success of its authorized resellers. Maytronics US and Reseller are each sometimes referred to herein as a "party" and collectively as the "parties." The parties agree as follows:

### Definitions.

- a. Products: The ("Product(s)") shall mean the Maytronics US brand(s) products and related equipment and accessories listed in Schedule A.
  - b. Territory: The ("Territory") shall mean the United States of America.
  - c. End-User: An ("End-User") shall mean any purchaser of the Product(s) from the Reseller who is the ultimate consumer for whom the Product is designed and who does not intend to resell the Product to a third party.
  - d. Transship: ("Transship") shall mean the sale of Product(s) to any entity other than an End-User.
  - e. Licensed IP: The ("Licensed IP") shall mean the trademarks, tradenames, product images, and/or marketing banners provided by Maytronics US in writing in the approved image or form provided by Maytronics US.
1. Appointment. For the term of this Policy, Maytronics US appoints the Reseller as a non-exclusive authorized reseller of the Products to End-Users within the Territory.
  2. Internet Advertising and Sales. Without separate execution of the Internet Sales Addendum the Reseller is expressly prohibited from advertising for resale and/or selling the Products on the Internet. Further, Reseller may not offer for sale online with in-store pickup without execution of the Internet Sales Addendum.

3. Transshipping. Reseller shall not Transship the Products, specifically; it shall not sell or transfer any of the Products to any person or entity for resale other than an End-User. Reseller shall not sell or offer for sale any product bearing a trademark, copyright, patent, or name associated with Maytronics US, which Reseller purchased or obtained from a source other than directly from Maytronics US. Reseller shall not obscure or alter in any fashion the serial number on any Product or its packaging.
4. Geographic Sales Boundary. Reseller may only sell and advertise for sale the Products within the Territory. Maytronics US hereby expressly prohibits the Reseller from soliciting or consummating sales outside the Territory.
5. Liquidated Damages. For each occasion that Reseller breaches Section 2, 3 or 4 of this Policy by engaging in the unauthorized sale of Products, in addition to all other remedies available to Maytronics US under this Policy and at law, Reseller agrees to pay Maytronics US, as liquidated damages and not as a penalty, the greater of the following amounts: (i) the costs and fees associated with Maytronics US's investigation and enforcement regarding the Reseller's unauthorized sales; or (ii) five times (5X) the MSRP of the Product(s) per unit of Product. The parties agree that these damages are not punitive, that Maytronics US's damages due the breaches of Sections 2, 3 or 4 of the Policy are difficult to quantify, and that these liquidated damages are a reasonable approximation of Maytronics US's damages in the event of a breach.
6. Intellectual Property.
  - a. Grant. Reseller is granted a limited, non-exclusive, non-transferable, revocable license to use the Licensed IP for the sole purpose of advertising and promoting the sale of Products within the Territory to End-Users. Reseller shall comply with all restrictions and limitations regarding its use of the Maytronics US Intellectual Property as described in Schedule B.
7. Reseller Obligations. During the term of this Policy, Reseller shall:
  - a. display, promote, demonstrate, market, and sell the Products;
  - b. only purchase Products from Maytronics US;
  - c. maintain qualified personnel with knowledge of the specifications, features and use of the Products;
  - d. provide quality post-sale support for all End-Users that purchase the Products;
  - e. preserve and enhance the reputation and goodwill of Maytronics US and the Products and avoid any illegal or unethical actions, including without limitation "bait and switch" practices; and

- f. conduct and maintain at all times its operation in compliance with all applicable Federal and State Laws and regulations, FTC consent orders, county and city ordinances and regulations and any other applicable law, regulation or ordinance. Reseller agrees not to engage in any unfair trade practices. Reseller shall indemnify and hold Maytronics US harmless from any cost or liability, including costs of litigation and attorney's fees as may be incurred in defending any civil, criminal, or administrative action brought against Maytronics US, its officers, employees, or agents of Maytronics US that may result from a violation of this paragraph.
  - g. Term. This Policy shall begin on the Effective Date and, unless sooner terminated as provided herein, continue in full force and effect for one (1) year from the Effective Date (the "Initial Term"). This Policy will automatically renew for consecutive one (1) year terms ("Renewal Term(s)", and together with the Initial Term, the "Term").
- 8. Termination. This Policy may be terminated as follows:
  - a. by Maytronics US or Reseller, without cause or liability, upon thirty (30) days' prior written notice to the other party;
  - b. immediately upon a change in ownership as set forth in Section 15 below; or
  - c. by either party upon a continuing force majeure as set forth in Section 29 below.
- 9. Liability & Obligations Upon Expiration/Termination. Neither Maytronics US nor Reseller shall be liable to the other by reason of the expiration or termination of this Policy, including, without limitation, liability based in law or in equity, compensation, reimbursement, or damages for present or prospective profits, or on account of investments, expenditures or commitments made by Reseller, or as a result of the establishment, development or maintenance of the goodwill of Maytronics US, the Reseller or the Products. Any termination or expiration of this Policy shall not relieve either party of any outstanding obligation or liability for Products sold or for any other matter or reason that accrued prior to the termination or expiration. Upon expiration or termination of this Policy, Reseller shall immediately cease to represent itself as an authorized reseller of Maytronics US Products, cease all use of Maytronics US's intellectual property, and return to Maytronics US all advertising, promotional, display and other materials that have been furnished to Reseller by Maytronics US. The acceptance by Maytronics US of a Reseller purchase order after the expiration or termination of this Policy shall not be deemed a renewal or extension of this Policy, or a waiver of its termination or expiration or a waiver of any prior breach. However, Maytronics US shall be under no obligation to fulfill any orders by Reseller after Termination.

10. Amendments & Waivers.

- a. Except as otherwise set forth in Section 11(b) of this Policy, this Policy may be amended, waived, or modified only by a written instrument signed by an authorized officer of both parties stating specifically that it is an amendment, waiver, or modification. No waiver of any provision at any particular time shall be deemed a permanent waiver of such provision, or a waiver of any other provision of this Policy. Failure to enforce a provision shall not be deemed a waiver.
- b. Maytronics US may amend or modify any Schedule in this Policy by providing notice to the Reseller, and any such amendment or modification shall become effective immediately upon delivery of such notice.

11. Product Recall.

- a. In the event that any Product is found by Maytronics US, Reseller, or any governmental agency or court having jurisdiction over such Product to contain a Safety Hazard or other Defect or condition that requires or would make advisable a rework or recall of such Product, such party shall promptly communicate all relevant facts to the other party. Maytronics US shall promptly undertake all corrective actions, including those required to meet all obligations imposed by laws, regulations, or orders, and shall file all necessary papers, corrective action programs, and other related documents required under applicable law or regulation; provided that Reseller shall reasonably cooperate with and assist Maytronics US in any such filing and correction action, at Maytronics US's expense; and, provided further, that nothing in this section shall preclude Reseller from taking such action as may be required of it under any applicable law or regulation or business purpose. Maytronics US shall perform all necessary repairs or modifications to the Product at its sole expense.
- b. The parties recognize that it is possible that other Maytronics US-manufactured products might contain the same Safety Hazard, Defect, or other condition described in the preceding paragraph. Reseller and Maytronics US agree that any recall involving any Product purchased by Reseller shall be treated separately and distinctly from similar results of Maytronics US's brand products, provided that such separate and distinct treatment is lawful and that Maytronics US shall in no event fail to provide at least the same protection to Reseller with regard to such Product as Maytronics US provides to its other customers in connection with a recall of such Product or other Maytronics US products. Each party shall consult the other prior to making any statements to the public or a governmental agency concerning issues relating to any product recall of a Product, except where such consultation would prevent timely notification required to be given under any such law or regulation.

12. Entire Policy. This Policy, the Schedules, any additional terms and conditions mutually agreed upon in writing by the parties, Maytronics US' written invoices, and any and all personal guarantees or assurances of payment set forth in Reseller's New Account Application set forth the entire understanding and Policy of the parties, and supersede any and all oral or written Policies or understandings between the parties as to the subject matter of this Policy.

13. Repurchase Option. Within ten (10) days of termination of this Policy for any reason, Reseller agrees to provide Maytronics US with a list of its inventory of the Products. Maytronics US, at its option, will have the right to repurchase from Reseller any or all saleable Products in Reseller's inventory by sending written notice of the exercise of such option within thirty (30) days from the effective date of expiration or termination or the date Maytronics US receives the foregoing list, whichever last occurs. The purchase price of such Products will be at the net invoice prices at which the Products were originally purchased by Reseller, less any discounts or allowances that Maytronics US may have given Reseller on account of such Products. If such option to repurchase is exercised by Maytronics US, Reseller agrees, at Reseller's expense to deliver to Maytronics US Reseller's inventory of the Products in their original packages within thirty (30) days of receipt of Maytronics US's notice of exercise.
14. Change in Ownership. If Reseller transfers or disposes of all or substantially all of its business and/or the Retail Locations by way of a sale of assets or stock, or through a merger or similar type of transaction, or if Reseller is a privately-owned business and there is a change in senior management, then this Policy shall terminate immediately without notice. The new owner(s) or manager(s) of Reseller shall have no rights under this Policy and shall not market, advertise, and/or offer for sale Products until and unless such new owner(s) or manager(s) first apply to and become authorized by Maytronics US as an "Authorized Reseller."
15. Changes by Maytronics US. Maytronics US reserves the right at any time to discontinue the production, sale or distribution of any of its Products, to change the design of its Products and any parts thereof, and to change its service, warranty, price, or other policies, without advance notice or obligation to the Reseller of any kind whatsoever. Reseller agrees that it shall have no claim against Maytronics US or any of its agents or affiliates for failure to furnish such Products, whether or not such Products are of a model, design or type previously sold.
16. Unilateral Policy. Reseller acknowledges that Reseller has been informed of Maytronics US's Unilateral Policy as it applies to the advertisement for sale of Maytronics US Products from Resellers to End-Users in the United States. There is no Policy, express or implied, between Maytronics US and Reseller with respect to the advertised or resale pricing of Products. If any director, officer, employee, representative, or other agent of Maytronics US tries to coerce Reseller to agree to the price at which Reseller advertises or resells Maytronics US Products, such action shall be considered void, unauthorized, and without effect and Reseller shall promptly notify Maytronics US' Brand Protection and Reputation Manager at [brandprotection@maytronicsus.com](mailto:brandprotection@maytronicsus.com).
17. Law and Forum. This Policy shall be deemed to have been entered into and fully performed in the State of Georgia shall be governed by and construed in accordance with the laws of the State of Georgia without regard for the conflicts of laws rules thereof. Reseller agrees that all controversies, disputes and claims arising out of this Policy shall be adjudicated exclusively by a court of competent jurisdiction within Gwinnett County, State of Georgia or the United States District Court for the Northern District of Georgia, except that any judgment in any such action may be enforced in other jurisdictions by suit or in any other permitted manner. Reseller irrevocably consents to the jurisdiction and venue of the state and federal courts of Georgia and waives any rights to seek a transfer of venue for any reason or to claim that the forum is inconvenient.

18. Limitation on Liability.

- a. EXCLUDING THIRD PARTY PRODUCT LIABILITY CLAIMS AND THIRD PARTY INTELLECTUAL PROPERTY INDEMNIFICATION CLAIMS, MAYTRONICS US'S TOTAL LIABILITY IN CONTRACT, TORT OR OTHERWISE SHALL BE LIMITED TO THE PURCHASE PRICE OF THE PRODUCTS PAID BY RESELLER IN AGGREGATE DURING THE TWELVE (12) MONTHS PRIOR TO THE EVENT CAUSING THE LIABILITY. IN NO EVENT SHALL MAYTRONICS US BE LIABLE TO RESELLER IN CONTRACT, TORT OR OTHERWISE (INCLUDING NEGLIGENCE) FOR ANY INDIRECT, INCIDENTAL, COLLATERAL, CONSEQUENTIAL, EXEMPLARY PUNITIVE OR SPECIAL DAMAGES, INCLUDING LOSS OF PRODUCTION, LOSS OF PROFITS OR SAVINGS, LOSS OF REVENUE, LOSS OF USE OF REVENUE, LOSS OF USE OF THE PRODUCTS, LOSS OF TIME, DAMAGE TO PROPERTY CAUSED BY THE PRODUCTS, INCONVENIENCE, AND OTHER CONSEQUENTIAL ECONOMIC LOSS EVEN IF MAYTRONICS US HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. NOTWITHSTANDING ANY OTHER PROVISION OF THIS Policy OR OF ANY OTHER CONTRACT, THIS PROVISION SHALL APPLY TO THE FULLEST EXTENT PERMITTED BY LAW REGARDLESS OF FAULT. MAYTRONICS US DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, WITH REGARD TO MAYTRONICS US PRODUCTS SOLD TO THE RESELLER, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
- b. Maytronics US shall defend, indemnify and hold harmless Reseller from and against any and all third party claims and liabilities, arising out of or in connection with a claim that any Product, when used within the scope intended, infringes, violates or misappropriates a valid third party patent or copyright existing on the date of this Policy. Maytronics US shall have no obligation to the Reseller or to any other party with respect to any action or claim of infringement based upon or arising out of the use of any Product, or any part thereof if the Product has been used: (i) in a manner for which it was not intended; (ii) in a modified form without the express written permission of Maytronics US; or (iii) in combination with any other system, equipment or devices not contemplated by the applicable model specifications; or if the Products have been refurbished. Reseller shall not be entitled to indemnification by Maytronics US for Product infringement unless Reseller: (i) gives Maytronics US prompt written notice of any action or threat of action, the ground for such action and all prior claims relating to any actual or threatened action; (ii) acknowledges in writing that Maytronics US will have the sole control of the defense of the action and all negotiations for its settlement or compromise and (iii) fully and completely cooperates with Maytronics US in all reasonable respects (and at Maytronics US's cost and expense) in its defense of the action and all negotiations for its settlement or compromise to third parties. The foregoing indemnification shall not apply to any claim of patent or copyright infringement based upon the use of any part, component or other device furnished or supplied by Reseller. If any Product, or any part thereof, supplied by Maytronics US hereunder, becomes, or in Maytronics US's opinion is likely to become, the subject of a claim of infringement of a United States or foreign patent, trademark or copyright, Reseller shall permit Maytronics US, in Maytronics US's sole discretion and at Maytronics US's sole expense (i) to procure for Reseller the right to continue using and selling the Product upon terms and conditions satisfactory to Maytronics US and the third party claimant, or (ii) to replace or modify the Product so that it becomes non-infringing.

19. Confidentiality. In connection with the business relationship contemplated by this Policy, each party may receive or have access to commercially valuable technical and non-technical confidential or proprietary information of the other party, including information in whatever form, relating to the business of such party that is not generally known or available to others, including new product styles and designs, trade secrets, pricing strategies, marketing, business plans, and any logins and passwords provided by Maytronics US (the "Confidential Information"). Each party acknowledges and agrees that any Confidential Information received or obtained from the other party will be the sole and exclusive property of the other party and may not be used, disseminated or disclosed except as may be necessary to perform the obligations required under this Policy or as may be required by law. If disclosure is required by law, the party required to disclose Confidential Information shall reasonably cooperate with the other party (at the other party's request and expense) so that the other party may preserve the confidentiality of the Confidential Information. Notwithstanding the foregoing, Confidential Information shall not include, and neither party will be liable for disclosure of, any information received by the receiving party under this Policy if the information: (a) is or becomes generally available to or known to the public through no wrongful act of the receiving party; (b) was previously known by the receiving party through no wrongful act of the receiving party; (c) was independently developed by the receiving party without reference to the Confidential Information; or (d) was lawfully disclosed to the receiving party by a third party under no obligation of confidentiality to the other party.
20. Assignment. This Policy shall not be transferred or assigned by Reseller, in whole or in part, nor shall Reseller delegate or sublicense any of its rights or obligations hereunder without the prior written consent of Maytronics US.
21. Contract Interpretation. Each party hereto acknowledges that it has had ample opportunity to review and comment on this Policy. This Policy shall be read and interpreted according to its plain meaning and any ambiguity shall not be construed against either party. It is expressly agreed by the parties that the judicial rule of construction that a document should be more strictly construed against the draftsman thereof shall not apply to any provision of this Policy. If any provision (or part thereof) of this Policy shall be deemed invalid or unenforceable, the remainder of the provisions of this Policy shall continue in full force and effect to the maximum extent consistent with the intent of the parties. Titles or captions contained in this Policy are inserted only for convenient reference, and in no way define, limit or describe the scope or intent of this Policy or any provision hereof.
22. Remedies. Because the damages associated with any breach of this Policy would be difficult, if not impossible to ascertain, Maytronics US shall have the right to seek immediate injunctive relief (including but not limited to a temporary restraining order, preliminary and/or permanent injunctive relief) against Reseller for any such breach without having to provide notice to Reseller or to post a bond. Maytronics US's right to injunctive relief shall be in addition to and not in lieu of its right to obtain any other damages. Reseller hereby waives its right to an injunction to allow it to continue marketing, advertising, offering for sale, and/or selling Products or to use the Licensed IP once this Policy has been terminated for any reason.

In the event of non-payment by Reseller, the Reseller shall be responsible for Maytronics US's attorneys' fees and costs associated with any lawsuit or other action necessary to obtain full payment. Notwithstanding any statutory provision to the contrary, the Reseller must bring any alleged claims against Maytronics US arising under this Policy or its termination within one hundred eighty (180) days of the claim arising or any such claim shall be waived.

23. Independent Entities; No Franchise Relationship. Nothing contained herein shall affect, modify or change the fact that Maytronics US and Reseller are separate legal entities and are not representatives or agents of each other. Reseller specifically acknowledges that this Policy does not create any agency or franchise relationship and that no direct or indirect fee has been paid by Reseller in connection with the establishment of this buyer/seller relationship. This Policy does not create a joint venture, partnership and/or agency relationship. Maytronics US shall bear no responsibility, directly or indirectly, for the Retail Locations or for the transactions made through said Retail Locations.
24. Release and Limitations on Future Claims. In consideration of the mutual execution of this Policy, the Reseller agrees to hereby release Maytronics US from all manner of action and actions, cause and causes of action, suits, contracts, controversies, damages, claims and demands whatsoever, known or unknown, in law or in equity, whether under laws and regulations of federal, state or municipal governments, under the common law or otherwise, which Reseller or its respective successors or assigns ever had, now have or which they or any of them hereafter can, shall or may have against Maytronics US by reason of any matter, cause or thing whatsoever from the beginning of time until the Effective Date hereof.
25. Survival. In addition to any sections that by their nature are designed to survive expiration or termination, or which expressly state that they shall do so, the following sections of this Policy shall also survive the expiration or termination of this Policy: 5, 10, 14, 18, 19 and 20.
26. Notices. Notices under this Policy shall be in writing and shall be deemed given on the day of any confirmed email transmission, or three (3) days after mailing. Notices to Reseller and Maytronics US shall be sent to the respective addresses first listed atop this Policy unless a subsequent address is designated in writing by Reseller or Maytronics US. All notices to Maytronics US shall be sent to the attention of its Vice President of Sales, with a copy to Maytronics US's General Counsel at the same address.
27. Counterparts. This Policy may be executed in counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.
28. Force Majeure. Neither Maytronics US nor Reseller shall be held liable or in default for failure of performance for any cause beyond their reasonable control such as, for example, acts of God, declared or undeclared war, fire, flood, interruption of transportation, embargo, insurrections, accident, explosion, governmental orders, regulations, restrictions, priorities or rationing, any strike, lockout or other labour troubles interfering with the production or transportation of the Products or interference with the supply of raw materials for production of the Products.

If the force majeure in question prevails for a continuous period in excess of three (3) months, either party shall be entitled to give notice in writing to the other party to terminate this Policy, specifying the termination date, which must not be less than fifteen (15) days after the date on which the notice to terminate is given. Once a notice to terminate has been validly given, this Policy shall terminate on the termination date set out in such notice.

29. Electronic Execution. In accordance with the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. Section 7001 et seq. ("ESIGN"), the parties hereby agree to execute this Policy using electronic means including the use of electronic signatures by the parties, which the parties agree shall have the full force and legal effect as if the electronic signatures were traditional hand-written signatures. The Dealer acknowledges that it has the ability to retain this Policy either by printing or saving it. Electronic signature means any "electronic sound, symbol, or process attached to or logically associated with a contract or other record and executed or adopted by a person with the intent to sign the record." 15 U.S.C. § 7006(5). The Reseller acknowledges that it has the ability to retain this Addendum either by printing or saving it. Each signatory agrees that he or she has been authorized and has the authority to enter into the Policy with an electronic signature on behalf of the applicable party and intends to sign this Policy by applying his or her electronic signature as indicated.

30. Effective Date

- a. **This Authorized Direct Reseller Policy is effective as of October 16, 2023** and supersedes all prior versions of the ADR Policy.

## **SCHEDULE B**

### **Using Maytronics US's Intellectual Property Restrictions and Limitations**

1. Reseller may not use the Licensed IP on the Internet (except to identify itself to consumers as an "Authorized Reseller of Maytronics US Products," using the format provided or approved by Maytronics US).
2. Reseller shall ensure that the Licensed IP is: (a) used in conjunction with the ® or TM designations as directed by Maytronics US; (b) not modified in any manner without the prior written consent of Maytronics US; (c) used alone without any other terms, marks, or designs which may detract from the Licensed IP; and (d) displayed according to specifications which Maytronics US may provide or amend from time to time.
3. Reseller shall perform all acts requested by Maytronics US to ensure that the nature and quality of Reseller's use of the Licensed IP is consistent with and does not detract from the goodwill associated with the Licensed IP. Reseller is specifically prohibited from registering or using any domain name containing any of Maytronics US's trademarks.
4. Reseller shall have no right, title, or interest in the Licensed IP. All use of the Licensed IP and the goodwill associated therewith shall inure to the benefit of Maytronics US. Reseller shall not do anything inconsistent with Maytronics US's ownership of the Licensed IP, including, but not limited to, using, causing or permitting another party to use the Licensed IP as any part of a uniform resource locator ("URL"), meta data tag, or as a keyword or search engine term. Reseller shall not, during the Term or thereafter, challenge the validity of the Licensed IP or Maytronics US's title to or rights in the Licensed IP.
5. Reseller shall not use the Licensed IP in a manner that disparages Maytronics US or the Products, blurs, dilutes or otherwise diminishes the Licensed IP, or portrays Maytronics US or the Products in a false, competitively adverse or poor light.
6. Upon termination of this Policy Reseller shall immediately discontinue and abandon its use of the Licensed IP, shall cease to advertise or represent itself as an authorized reseller, and shall cease to market, advertise, offer to sell, and/or sell the Products. Reseller must promptly return to Maytronics US all Confidential Information including, but not limited to, all documents and information concerning prices, marketing, advertising and promotional activities.
7. Reseller shall promptly inform Maytronics US of any action or conduct of any person which may infringe upon any of Maytronics US's intellectual property rights. Maytronics US shall have the sole discretion whether to take legal action against any such infringement and any damages or other monies recovered on account of such infringement, whether by judgment, settlement or otherwise, shall belong exclusively to Maytronics US. Reseller shall cooperate fully with Maytronics US in connection with any legal action taken by Maytronics US in connection with any such infringement.
